Each training package has a valid due date that will expire after that allotted time has run out from the sign up date. Example: If you buy 4 sessions on Feb 2, 2016, your training package will expire on April 2, 2016, or when you use all of your sessions. You cannot rollover you sessions past expiration. The package you sign up for is over when the allotted time or amount of sessions has passed.						
GROUP SESSIONS: all clients in a group contract are benefitting with discount price by committing to the same appointment time on the schedule. If you cannot keep your regularly scheduled time with your group, you may choose to forfeit that session OR you may reschedule at the trainer's convenience by paying an additional \$20 for the substitute appointment time. All expiration dates do apply.						
<i>CANCELLATION POLICY: All sessions must be prepaid to hold your appointment time. You must give a 24 hour notice to cancel a session to avoid getting charged for that session. If a trainer does not provide a 24 hour notice, then trainer will owe the client a session. By signing this, you hereby acknowledge this contract and that you have read the waiver policy.</i>
